

Ram Chandra Dhungana

PhD Candidate in Biostatistics | Research Assistant | Clinical Trials, Survival Analysis, Statistical Programming
r0dhun01@louisville.edu | ramchandradhungana@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL PROFILE

Biostatistics PhD candidate and research assistant with graduate training in statistics, computational mathematics, and pure mathematics. Skilled in statistical modeling, clinical and healthcare data analysis, survival analysis, regression modeling, study design, and statistical programming in SAS, R, Python, and SQL. Seeking journal reviewer opportunities related to biostatistics, clinical trials, oncology research, and applied statistical methodology.

EDUCATION

PhD Candidate in Biostatistics University of Louisville	GPA: 3.89 Present
Master of Science in Statistics Sam Houston State University	GPA: 3.67 Aug 2020
Master of Science in Computational Mathematics University of North Carolina at Greensboro	GPA: 3.57 Aug 2018
Master of Science in Pure Mathematics Tribhuvan University	GPA: 4.00 Aug 2012

PUBLICATIONS

- Saty, D., Pradhan, B. L., Poudyal, N., Dhungana, R. C., & Pyakurel, A. (2025). Measuring the financial stability of Nepalese commercial banks: A decade-long study. *Management Review: An International Journal*, 20(2), 63-80.
- Pradhan, B. L., Satyal, D., & Dhungana, R. C. (2025). Foreign direct investment and economic growth in Nepal: Evidence from ARDL and ARIMA forecasting models. *International Journal of Operational Research Nepal*, 13(1), 1-13.

RESEARCH AND REVIEWER INTERESTS

- Biostatistics and statistical methodology for clinical trial research, especially oncology clinical trials.
- Clinical trial design, survival analysis, Cox proportional hazards modeling, Kaplan-Meier methods, regression modeling, and hypothesis testing.
- Healthcare data analysis, statistical programming, reproducible reporting, and interpretation of applied biomedical research findings.
- Biomarker-informed clinical trial designs, predictive marker validation, and data-driven decision making in clinical research.

TECHNICAL SKILLS

Statistical Programming	SAS, R, Python, SQL, LaTeX, Microsoft Office
Analytics and Visualization	Tableau, SPSS, MINITAB, data cleaning, statistical reporting, dashboard-ready summaries
Statistical Methods	Survival analysis, regression, ANOVA, t-tests, F-tests, AIC, BIC, quality control, design of experiments
Machine Learning	Supervised and unsupervised learning, scikit-learn, model validation, predictive modeling
Relevant Coursework	Linear and multivariate regression, probability theory, survival analysis, statistical programming, linear statistical models, advanced clinical trials, quality control, linear algebra

PROFESSIONAL EXPERIENCE

Research Assistant | University of Louisville

Current role

- Support research activities involving statistical analysis, data management, interpretation of results, and preparation of research outputs.
- Apply biostatistical and programming skills to organize, analyze, and communicate data-driven findings for academic and applied research projects.
- Contribute to research tasks requiring careful documentation, reproducible analysis, and clear communication of methods and results.

Graduate Assistant and Instructor | Sam Houston State University

Aug 2020 - May 2022

- Developed and validated statistical models for stock market data and generated next-day price predictions using statistical programming.
- Prepared written reports and presentations documenting analysis plans, project results, interpretations, and future prediction strategies.
- Developed lesson plans, created projects, delivered lectures, supported students, and communicated statistical and mathematical concepts clearly.

Pre-Calculus Teacher | Dallas Independent School District

Aug 2022 - Aug 2023

- Developed lesson plans and classroom projects and delivered instruction in pre-calculus.
- Proctored examinations, graded student work, and supported academic progress through structured feedback.
- Organized parent conferences and communicated student progress professionally.

CERTIFICATIONS AND PROFESSIONAL TRAINING

- Focus on Peer Review - Nature Masterclasses, 3.5-hour on-demand course, completed 03/06/2026.
- SAS Certified Associate Programmer.
- Google Data Analytics Certificate.
- PCEP - Certified Entry-Level Python Programmer.
- Pandas Certification - W3Schools.
- R Certification - W3Schools.
- Machine Learning for Investment Professionals - CFA Institute.
- SAS Certified Base Programmer.
- Tableau Desktop Specialist Certification.
- Python Developer Certification - W3Schools.
- SQL Certification - W3Schools.
- Data Science Certification - W3Schools.
- CELTA - University of Cambridge.

AWARDS AND AFFILIATIONS

- Dean's Scholar Certificate, University of Louisville.
- Outstanding Student of Statistics, Sam Houston State University.
- Full Scholarship Award, Sam Houston State University.
- National Honorary Mathematics Society Award, Pi Mu Epsilon.
- Member, American Nepalese Mathematics Association (ANMA).
- Member, Statistics Club, Sam Houston State University, Aug 2020 - May 2022.

SELECTED PROFESSIONAL STRENGTHS

- Strong quantitative foundation across statistics, biostatistics, computational mathematics, and pure mathematics.
- Clear written and oral communication of statistical methods, results, limitations, and practical implications.
- Ability to work independently and collaboratively with cross-functional research and teaching teams.
- Careful, detail-oriented approach to statistical review, reproducible analysis, and scientific interpretation.
