PROFILE

Biostatistics PhD candidate with graduate training in statistics and computational mathematics. Skilled in statistical modeling, clinical and healthcare data analysis, survival analysis, regression modeling, study design, and statistical programming in SAS, R, Python, and SQL. Seeking Research and data analytics opportunities in healthcare, biostatistics, clinical trials, and oncology research.

PROFESSIONAL EXPERIENCE

Research Assistant
University of Louisville — Aug 2024 - May 2026

- Supported research activities involving statistical analysis, data management, interpretation of results, and preparation of research outputs.
- Applied biostatistical and programming skills to organize, analyze, and communicate data-driven findings for academic and applied research.
- Contributed to research tasks requiring careful documentation, reproducible analysis, and clear communication of methods and results.

Pre-Calculus Teacher
Dallas Independent School District — Aug 2022 - May 2024

- Developed lesson plans and classroom projects; delivered instruction in pre-calculus.
- Proctored examinations, graded student work, and supported academic progress through structured feedback.
- Organized parent conferences and communicated student progress professionally.

Graduate Assistant & Instructor
Sam Houston State University — Aug 2020 - May 2022

- Developed and validated statistical models for stock-market data; generated next-day price predictions using statistical programming.
- Prepared reports and presentations documenting analysis plans, results, interpretations, and prediction strategies.
- Developed lesson plans, delivered lectures, and communicated statistical and mathematical concepts clearly to students.

CORE EXPERTISE

SURVIVAL & TIME-TO-EVENT
Survival Analysis | Cox PH Modeling | Kaplan-Meier

MODELING & INFERENCE
Regression Modeling | Bayesian Methods | Hypothesis Testing

CLINICAL RESEARCH
Clinical Trial Design | Model Validation

PROGRAMMING & TOOLS

LANGUAGES & STATISTICS
SAS | R | Python | SQL

ANALYSIS & VISUALIZATION
Pandas | NumPy | ggplot | Tableau

PLATFORMS & WORKFLOW
SAS Enterprise Guide | SAS Studio | SAS Macro | PROC SQL | GitHub | MS Excel | LaTeX

PLANNED CLINICAL LEARNING

Learning roadmap

CDISC SDTM and ADaM | TLF generation | FDA electronic submissions | Define-XML

EDUCATION

PhD

PhD Candidate in Biostatistics

University of Louisville

GPA: 3.89 | Dean's Scholar Certificate
