🌐 LinkedIn

🌐 Portfolio

Biostatistics PhD candidate with graduate training in statistics and computational mathematics. Skilled in statistical modeling, clinical & healthcare data analysis, survival analysis, regression modeling, study design, and statistical programming in SAS, R, Python, and SQL. Seeking journal reviewer opportunities in biostatistics, clinical trials, and oncology research.

PROFESSIONAL EXPERIENCE

Research Assistant

Current

University of Louisville

- Support research activities involving statistical analysis, data management, interpretation of results, and preparation of research outputs.
- Apply biostatistical and programming skills to organize, analyze, and communicate data-driven findings for academic and applied research.
- Contribute to research tasks requiring careful documentation, reproducible analysis, and clear communication of methods and results.

Graduate Assistant & Instructor

Aug 2020 – May 2022

Sam Houston State University

- Developed and validated statistical models for stock market data; generated next-day price predictions using statistical programming.
- Prepared written reports and presentations documenting analysis plans, results, interpretations, and prediction strategies.
- Developed lesson plans, delivered lectures, and communicated statistical and mathematical concepts clearly to students.

Pre-Calculus Teacher

Aug 2022 – Aug 2023

Dallas Independent School District

- Developed lesson plans and classroom projects; delivered instruction in pre-calculus.
- Proctored examinations, graded student work, and supported academic progress through structured feedback.
- Organized parent conferences and communicated student progress professionally.

EDUCATION

PhD

PhD Candidate in Biostatistics

University of Louisville

GPA: 3.89 · Dean's Scholar Certificate

MS

Master of Science in Statistics

Sam Houston State University

GPA: 3.67 · Outstanding Student of Statistics · Full Scholarship

MS

Master of Science in Computational Mathematics

University of North Carolina at Greensboro

GPA: 3.57

CERTIFICATIONS

- Focus on Peer Review – Nature Masterclasses (2026)
- SAS Certified Associate Programmer
- SAS Certified Base Programmer
- Google Data Analytics Certificate
- Tableau Desktop Specialist
- PCEP – Certified Entry-Level Python Programmer
- Python Developer – W3Schools
- Pandas, SQL, R, Data Science – W3Schools
- Machine Learning for Investment Professionals – CFA Institute
- CELTA – University of Cambridge

AWARDS & AFFILIATIONS

- Dean's Scholar Certificate, University of Louisville
- Outstanding Student of Statistics, Sam Houston State University
- Full Scholarship Award, Sam Houston State University
- Pi Mu Epsilon – National Honorary Mathematics Society
- Member, American Nepalese Mathematics Association (ANMA)
